communication of the defective government of Mexico. The progress of the revolution in Mexico is viewed with deep concern and increasing disappointment by the United States government, for three years the country has been torn with civil strife, the lives of Americans and other aliens have been sacrificed, vast properties developed by American capital and enterprise have been destroyed or rendered non-productive, and bandits permitted to roam at will through territory contiguous to the United States and to seize without punishment or without effective attempt at punishment the property of Americans, while the lives of citizens of the United States who venture to remain there to protect their interests have been taken and in some cases brutally murdered. It would be difficult to find in the annals of the history of Mexico conditions more deplorable than those which have existed there during these recent years of civil strife.

Your Examination

means all in the comfort of your glasses. This is why I so often hear the pleasing remark, "Dr. Campbell I am delighted with my glasses." I laid the foundation for this remark in the examination room, a room equipped with the very latest appliances that science has imparted to man for making a differential diagnosis of your eye trouble, hence your work is eliminated. Then being able to enter into the spirit of one having eye trouble, I am able to tell you I understand and can give you glasses that will adjust them to the nature of the case. There's just what you get here and you couldn't get better in New York or Paris and the cost is small.

LAWLER MURDER CAUSES SUICIDE

Attorney of Statewide Reputation  
Kills Self Because Suspicion Against Him

(By Associated Press.)

Huntsville, Ala., June 20.—S. S. Pleasant, an attorney of statewide reputation, killed himself in his office here today, leaving a note saying that the act was caused by suspicion being directed at him in connection with the murder of Judge Lawler here last week. News of the suicide became known shortly before it was learned that Charles M. Nails, clerk of the circuit court, had surrendered on a warrant charging him with complicity in the Lawler murder. Nails and D. D. Overton both were sought on warrants.

Overton was former court clerk and more recently Lawler's opponent for the judgeship in the democratic primary. Nails was Overton's strong supporter. Nails surrendered after Sheriff Phillips promised his father that he would be taken to a place of safe keeping. He was taken to Birmingham.

Mystery around Pleasant's death is heightened by the announcement of those conducting the grand jury investigation that Pleasant is in no wise connected with the case. He is a republican in politics and took no part in the recent primary.
